

YOUR CLOTHES.

To 90 per cent. of the people with whom you come in daily contact, are the index of your financial condition.

Therefore, no one but a very rich man can afford to wear badly fitting, badly made or shabby clothes, and since the Stein-Bloch Co. have solved the problem of finely tailored ready-to-wear-and-to-fit clothes at one-half and less than made-to-measure tailors' prices, no one needs to wear poor clothes unless he desires to do so out of "pure cussedness."

See the swell business suits bearing this label  which we are selling at from . . \$12 to \$25

See the handsome black clay worsted and Vicuna cutaway coats and vests . . . \$27.50

NOT IN HARMONY

Several Difference on Hawaiian Laws.

Promises of Sharp Contest in the House—Suffrage—Appointments—Governor.

WASHINGTON, Dec. 29.—A sharp contest will occur in the House over the legislation for the government of Hawaii, as the majority and minority of the committee on territories do not agree as to the form of a bill. Neither do the majority agree with the report of the senate committee on foreign relations, although the differences are not such as to cause great difficulty. The majority report of the House committee changes the bill introduced by Hitt only slightly with the exception of the qualifications for senators and representatives. The property qualifications are stricken out and any citizen who is a voter and has been a resident of Hawaii for three years is eligible to office.

Those who were citizens of Hawaii on August 12, 1898, are made citizens of the United States. One house will not be allowed to constitute the Legislature in case the other adjourns, nor will it be necessary to have the sanction of three members to introduce a bill in the Legislature. The delegate to Congress shall possess the same qualifications as a voter. Bonds issued on the credit of the public domain shall be payable in not less than five nor more than fifteen years. One year's residence must be proven to obtain a divorce.

The minority report says that the minority is unable to agree to some prominent features of the bill, as introduced and as approved by the majority of that sub-committee, and continued:

"It is important to emphasize the fact that new territory acquired should be governed as other territories of the United States have been from the foundation of the Government with a view to ultimate admission to statehood. Upon this theory we believe that Hawaii should be given substantially the same form of government as has been in other territories of the United States. We therefore object to the provisions of the bill making the supreme court of the territory of Hawaii judge of the membership of the territorial Legislature of Hawaii. We believe that each house should be the final judge of the qualifications of its members."

"We also object to the property qualifications for members of the Senate of the Legislature of Hawaii."

"We think also that too great power is given to the Governor, especially do we object to his being empowered to nominate part of the judiciary of that island for life."

Kohala Lands.
(Hilo Tribune.)

About 150 lots have been laid out in Kahuku, Kohala, which will shortly be advertised. This is land which through neglect has become destitute of timber, but under the care of bona fide settlers it is hoped will show the same results in timber restoration as has been demonstrated at Waialeale, on the Puukapu tract, which was laid out in 1893. The demand for land in Kohala is far in excess of the supply. A very remarkable spring, called Waialeale, is on this land of Kahuku, but that the parties in charge of the survey deemed it advisable from a public standpoint to set apart a reservation around it, in order that the water supply from the same might be enjoyed by all the residents of the tract, inasmuch as no other supply is available.

Drowned at Paauhau.
(Hilo Herald.)

Manuel Gonsalves, a Portuguese employed on the Paauhau plantation, was drowned at the company's landing last Sunday morning, the 8th inst. The man was at work on repairs to the damages at the landing caused by the recent storm. Usually when the men do this work they attach themselves to the crane with a rope, but on this occasion Gonsalves neglected to do so and was washed from the rocks. He leaves a widow and six children.

Anniversaries.

The chronological tables say: January 14, 1887.—Lava flow from the summit crater of Mauna Loa, through Kahuku, Kau, Island of Hawaii, to the sea.

January 16, 1893.—Mass meeting endorses Committee of Safety. Marines landed from U. S. S. Boston at 5 p. m.

Jap Wanted to Die.

A Japanese who developed suicidal mania early last evening was placed in one of the luxurious cells of the police station and given a private guard. The man is a servant for Kaneakua, the native attorney. The Jap had secured a bit of clothes line and was about to hang himself on the lanai within a few feet of the parlor. He was discovered just as he was placing the noose about his neck. The Jap says he is "sick inside" and wants to die.

From the Garden Isle.

The steamer W. G. Hall arrived from Kauai ports yesterday morning at 3:30 o'clock with a cargo of sugar from the leeward plantations and a deckload of sheep from Niha. Among the passengers on board were: W. H. Rice, the Lihue stock raiser, returning from an inspecting tour, Police Judge W. L. Wilcox, whose sad trip to Kauai was occasioned by the death of his brother, the late H. H. Wilcox; Dr. A. St. D. G. Walters, formerly a popular physician at Lihue who has been paying a visit to his old field of labor; Anto Crop, manager of plantation; J. B. Hanaike, Deputy tax assessor of Lihue, and Wm. Thompson of T. H. Davies & Co. returning from a business trip. There were 44 deck passengers. The W. G. Hall is on the berth for Kauai to sail to-morrow afternoon at 5 o'clock.

This is the last day of grace for paying water rates. The time was really up yesterday, but the books were not closed and everyone has the benefit of an extra day.

A disorderly house near the kerosene warehouse was raided Saturday night. All hands are to appear in District Court at 9:30 this morning.

Thos. Cook & Son advertise now in America and Europe excursions to Hawaii, Japan and the Philippines.

There was a good sized "carriage crowd" for the band concert at Makee Island yesterday afternoon.

SEASICKNESS.

Bright red spectacles, accompanied by internal doses of calomel form a new German specific against seasickness. It is deduced from Epstein's investigations on the influence of color on the blood vessels in the brain. Seasickness is due to lack of blood in the brain, while red sends blood to the brain with a rush. By looking at one point for some time through the red glasses, the patient is cured radically.

It has been demonstrated repeatedly in every State in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by Benson, Smith & Co., Ltd., wholesale agents.

WHAT CUBA'S LOSS MEANS TO SPAIN.

The loss of Cuba means to Spain the loss of the very sustenance of the nation. Already her tax-ridden people are crying for bread. In the same way the loss of your once vigorous appetite means poverty and starvation to your body. If any reader of this paper wishes to be as hungry again as when a child, and wants to fully enjoy hearty meals, drink Seattle beer. It cures indigestion and dyspepsia. On tap or in bottles at the Criterion.

WIELAND BEER.

The celebrated Wieland Beer, strictly pure liquors, cordials, etc., of the highest class can always be found at the Commercial Saloon, Beretania and Nuuanu streets. P. Ryan, manager.

Artistic Views.

I have opened a studio in the Love building and am ready to take care of any photographic work that the public may offer me, guaranteeing satisfaction in every way. Amateurs especially will receive my undivided attention, and I am always more than glad to do anything for them that I can, while my dark room, the largest and best equipped in the city is ever at their service. Menu cards and souvenir cards of every description in water colors will be one of my specialties. Having been exclusive scenic artist for the Great Northern railroad for a term of eight years, I feel that I have a right to my claim that I am second to none in my particular line of business.
